

EXO BUSINESS

# FACTSHEET

## MYOB Employer Services

Do you know what's happening in your business right now? MYOB Enterprise Solutions can help you find out.

MYOB Enterprise Solutions are a powerful suite of business solutions that connect every department in your entire organisation, in real time. So it's easier to figure out where things are at - right now, now just at the end of the month.

### How MYOB Enterprise Solutions can help you achieve this

With MYOB Enterprise Solutions you have the flexibility to build a total management solution to suit your individual business needs.

Want full visibility of every transaction and stock movement? Our accounting and finance module will help. Want an all in one management tool for payroll? Our payroll module takes the pain out of managing a growing workforce. And with MYOB EXO ClientConnect, there's now a CRM module that makes managing contacts and sales opportunities easier too.

### MYOB Enterprise Solutions product range benefits

MYOB Enterprise Solutions offers customisable business systems that are perfectly suited to organisations that require:

- Strict accounting rules, no deleting transactions
- Multiple locations/divisions/branches support
- Highly functional general ledger with customised reporting and consolidation
- Management dashboards for graphical visibility into the business performance
- Advanced stock management including serial number tracking, bin management etc
- Extensive landed cost and shipment tracking for importers
- Foreign currency management for importers and exporters
- Deep job costing functionality including, quoting, labour charges, tracking and reporting
- Works orders and assembly of goods
- Payroll for high numbers of employees, time & attendance and human resource management
- Extensive configuration for complex workflows.

### Product suites within the MYOB Enterprise Solutions family

EXO BUSINESS is a complete fully integrated financial management system that puts advanced functionality at your fingertips. It's ideal for a large number of users in multiple locations.

EXO Employer Services gives you control over all aspects of staff and helps you manage and communicate with your most valuable asset, your people, wherever they're based.

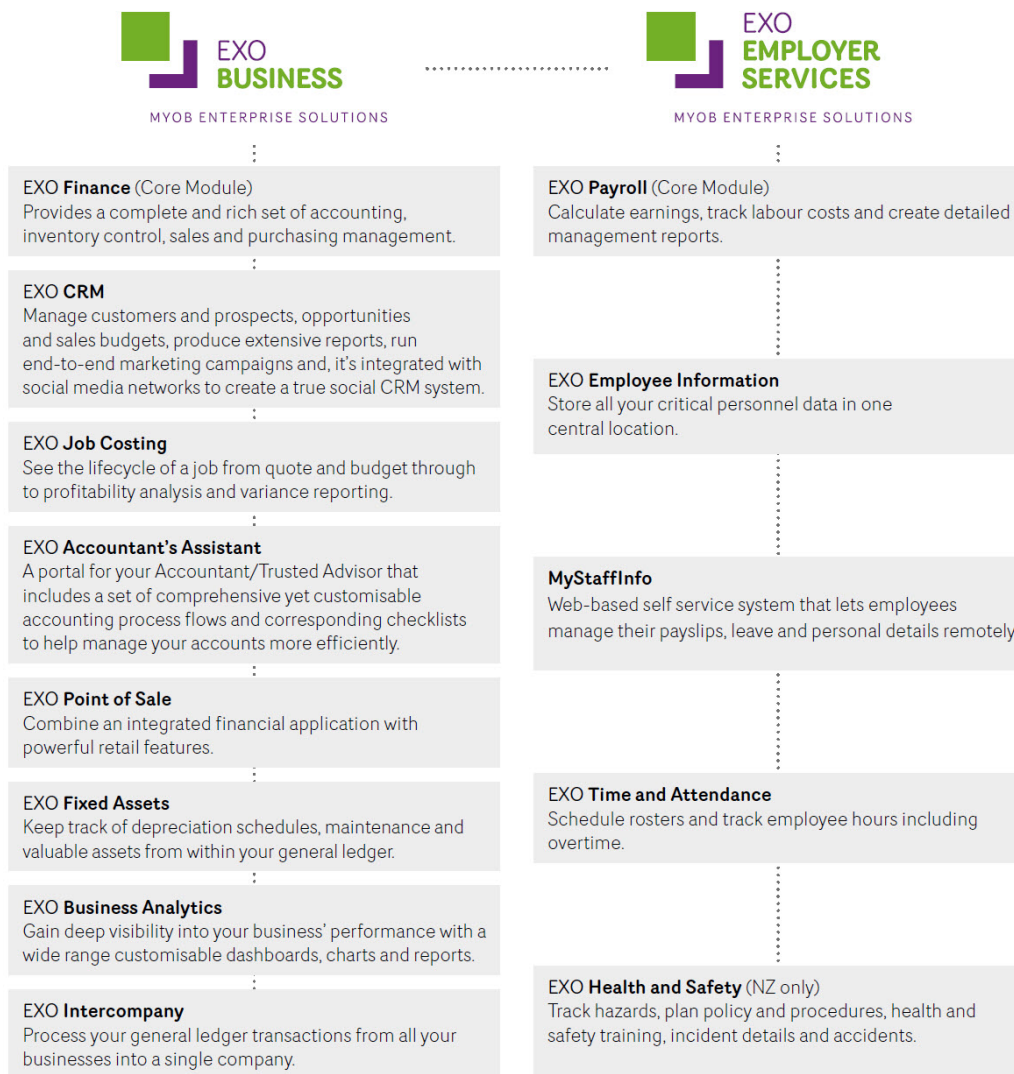

# EXO BUSINESS FACTSHEET

## Build a fully integrated management solution or use as individual modules

You can combine EXO Business, EXO ClientConnect and EXO Employer Services to build a fully integrated management solution to fit your individual operational approach or as separate modules.

The benefit of this set up is simple – you have a framework that's strong enough to meet your needs, yet flexible enough to grow with you.
