“Wiise is a terrific enterprise-grade cloud solution that delivers everything we need in terms of internal controls, better access to information and controlling the input of data.”

-Justin Smart, COO at Trilogy Funds

A bit about Wiise

Built for Australian businesses, Wiise is cloud-based ERP software that helps run your whole business – all in one secure Microsoft platform. Manage your finances, automate operations and get the business intelligence and insights you need to make the right decisions.

Over the last few years, we've been recognised time again for ERP and Supply Chain innovation in Australia. At the core of what we do, our focus is and always will be to give Australian businesses a solution that's right for the Australian market.

More than just tech

Keeping your data secure

Wiise is housed in Microsoft Azure Australian data centres and protected by rigorous security protocols like multi-factor authentication. Your data security is our top priority.

Customers are our champions

We understand the challenges facing Australian businesses. We promise to stay connected, to ask how things are going and see what we can do better. Feedback builds an even better product.

ERP made for Australian business

Built for Australian businesses, Wiise is cloud-based ERP software that helps run your whole business – all in one secure Microsoft platform. Manage your finances, automate operations and get the business intelligence and insights you need to make the right decisions.

Manage your whole business in one place

Get end-to-end visibility across your business

See your finances, inventory, payroll and operations in one hub. Real-time insights, forecasting and more.

Native integrations to make life easier

With can connect with Microsoft tools and platforms such as Outlook, Excel and Dynamics 365. Wiise also has integrations into eCommerce, POS, payments and more.

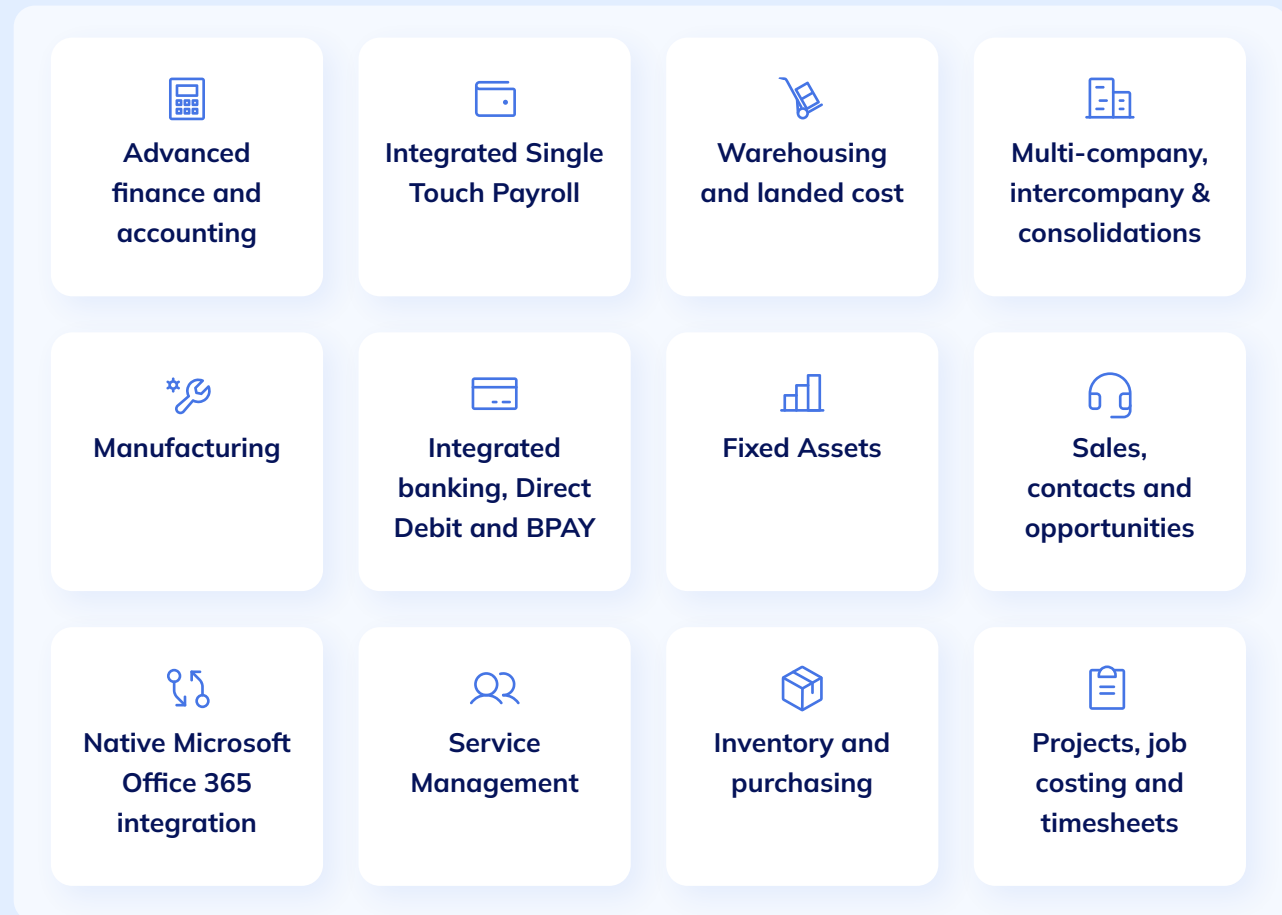

Housed in Microsoft Azure Australia

Wiise is housed in Microsoft Azure datacentres in Australia. These meet the international code of practice for cloud privacy, ISO/IEC 27018, and are federally-compliant.

What's out-of-the-box?

Starting from \$59+GST per user per month, Wiise is designed to give you more features and functions all in the one place.

Industries we suit

Wiise clients come from a broad range of industries — each with their own challenges and unique needs. But with many similarities.

As businesses grow, they are faced with new challenges. Choosing a solution that fits your needs now and into the future is key.

If you're struggling to manage your business in multiple, outdated or on-premise systems, Wiise may just be the solution for you. Wiise suits a range of different industries. From supply chains, to those managing multiple companies and even organisations that manage complex jobs and projects. We're right for industry. And right for the Australian market.

Made for **Australian Business**

- ✓ Warehousing and distribution
- ✓ Financial services
- ✓ Professional services
- ✓ Companies with multi-entities
- ✓ Manufacturing
- ✓ Not-for-profits
- ✓ Service-based businesses
- ✓ Job-based businesses

“The overwhelming factor was trust. Microsoft was a brand that we were confident with. Equally so, the partnership with KPMG was really critical.”

*Paul Robertson, Director of Finance
at Creating Chances*

Hear from our customers

We're no longer stressed about compliance or spending copious amounts of time developing reports and working with the data.

We can see which programs are under budget or overspent and report on funding. We can make informed decisions about where we can save on resourcing, equipment and so on. And we can get that deeper data we were looking for."

Brad McCarroll, General Manager, Creating Chances

Check our more **customer stories**

"Managing our inventory and stock is a lot easier. Now that everything is in Wiise, we don't re-key information all the time."

Amy, Chief Operating Officer, Pro Seafoods

"We've saved a lot of money, meaning we can reinvest that money in the preschool for refurbishments and resources for the children."

Linda, Admin Manager, Dover Heights Community Preschool

"We've probably saved a a days' worth of productivity every week through the connectivity between the finance system and the purchase order system."

Ben, Finance Manager, CVGT

Getting started

Whether you just need to set up your finances, or require a fully customised setup, there's options for you. We have a network of experienced Wiise Partners across the country who are here to help. Here's how it works.

1

Choose your package

To get started, you can choose from our monthly subscription packages or save by locking in an annual contract. View our [packages here](#).

2

Connect with a Wiise Partner

We'll match you with a dedicated implementation and support partner that's well suited to your business. They'll get to know your requirements in detail.

3

Agree on approach

You'll work with your dedicated partner to choose how you want to set up Wiise, get a cost estimate and agree on a timeline that works for you.

“We knew Wiise could handle larger transaction volumes, could do multi-company, intercompany transactions and consolidations and felt that Wiise will grow with us into the future”

*Lewis Jackson, CFO
at Capital Transport*
