

MYOB Advanced Workforce Management

The MYOB Advanced Autumn Release 2023 has touched down. Boost your experience with brand new features. Get greater visibility with enhancements that streamline your workflows. And experience connectivity that'll blow your mind. Explore updates to MYOB Advanced Business, and unleash your business's full potential.

Shift bidding

Canceled shifts are a reality for businesses managing large teams. Spending hours filling them doesn't need to be.

- Notify employees of newly available shifts directly via the MYOB Advanced Team app.
- Review shift expressions of interest and approve an employee to fill the shift.
- Eliminate the need to call individual employees and let the MYOB Advanced Team app do the heavy lifting.

Managing Cost Centres

Gain increased control over how you fund your roster with enhanced Cost Centre management.

- Assign a Cost Centre to a specific employee, location, shift, timesheet or combination of.
- Manage how you pay for your workforce costs within your rostering solution and eliminate manual tasks.
- Easily understand how your labour costs are tracking. Compare actual timesheet costs against what you planned.

Roster usability

Make lighter work of building rosters with roster usability enhancements.

- Pre-populate shift templates that can be set up once and reused.
- Clone and copy shifts in bulk across days in a roster.
- Add tasks and notes to a shift, providing your employee with information about what needs to be completed or achieved.
- Add auto-breaks at a company level to rostered shifts and associated timesheets, helping you to stay compliant.

Onboarding

Personalise the onboarding process with new configurability options for role type.

- Customise onboarding workflows based on employment type.
- Gather the right information using customer forms based on role type.
- Define employee probation period, receive end-date reminder notifications in the dashboard and enter probation outcome.
- Auto-assign the correct permission groups based on position type before your employee starts.
