

Save time through powerful automation

Revolutionise processes for your team and clients by automating tasks from start to finish. Give yourself more time in the day to invest into growing your business, motivating your team and fostering client relationships. With powerful cloud payroll software such as Employment Hero Payroll, you'll shave hours of time off manual and tedious processes.

Unlike other software that claims to be compliant and completely automated, Employment Hero Payroll offers transparency and customisable levels of control over what you choose to automate - keeping you in the driver's seat at all times.

From a compliance perspective, the fact that we can automate rules, apply award conditions, and entertain complex pay regimes via enterprise agreements is very beneficial. Employment Hero Payroll provides clients with confidence that we're processing payroll in accordance with the legislative framework and we're going to get it right.

Daniel James,
ANZ Chief Operations Officer
at [EPG Payroll & HR](#)

What can you automate with Employment Hero Payroll?

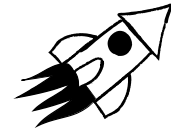

PAY RUNS

Run multiple pay runs in the background at the same time. Choose which pay run processes to automate, and enjoy greater control by choosing specific dates and times to automate certain tasks.

PAY AND LEAVE CALCULATIONS

Leave the math to us; Employment Hero Payroll automates pay rates, tax and super against the rule sets of your clients' award or employee agreement for consistent, on time pay runs.

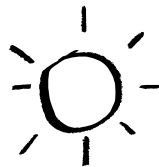

EMPLOYEE ONBOARDING AND SELF SERVICE

Employee self onboarding saves time from manual data entry. Staff can manage their own payroll and personal information, so that you don't have to.

REPORT DISTRIBUTION

Build and send reports on a recurring basis, based on the schedule set. No manual downloads to save, attach and forward via email - as it's all taken care of via automation.

PUBLIC HOLIDAYS

Up to date national public holidays are provided automatically to save manual stress and eliminate the need to be on top of legislation changes.

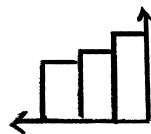

WORK DOCUMENT DISTRIBUTION

Identify and notify employees of work documents that require acknowledgement, without needing to manually chase up your client's staff.

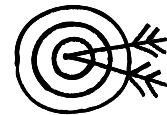

PAYSLIP DISTRIBUTION

Notify employees of payslips via email, SMS or employee self service, removing any need for paper or manual data handling.

AWARD INTERPRETATION

With an extensive list of modern awards in-built, calculations are automated. Changes to awards are also managed and automatically updated in Employment Hero Payroll, saving you hours of auditing.

TRANSFERENCE OF DATA ACROSS SYSTEMS

Push data across any platform seamlessly with our industry-leading integrations. No need for Excel spreadsheets or manual imports / exports.

Momentum Payroll powered by Employment Hero

Momentum Payroll empowered by Employment Hero is a cloud-based payroll and workforce management platform, built by payroll professionals, for payroll professionals. In a single platform, Momentum Payroll automates the flow of data from employees across rosters, timesheets, leave management, and reporting, to streamline operations and reduce costs.
